Many Remarkable Features in Record Winning Streak of Royal Duckpinners

KRAUSS WAS BEST IN STRING OF WINS

Led Royals With 114 Average for 29 Games Team Won in Succession.

To Harry F. Krauss, more than to any other individual, credit is due for the remarkable winning streak of the Royal duckpin team, of the National Capital League, which was stopped by Palace, Wednesday, after a mark of twenty-nine straight vic tories had been reached.

A glance over the records kept by Roy K. Whitford, secretary of the league, shows that the ever-reliable anchor man led his team in average with a figure around 114.

He maintained the same smooth, steady gait which has characterized his rolling from the time when he became known here as a bowler of top-notch ability, which was some years ago, and at no time during the string of victories was he sensational. On the other hand, the records shows that the "Flying Dutchman" never failed to deliver in the pinch. His best game was 135, and his most pretentious set only 259, which is indicative of his unusual

Tenmmates Close Behind.

While Krass led his teammates by a fair margin, attention should not be detracted from the performances of the latter in general. Capt. Earl Lewis, Harry B. Halley, and J. Bernard Carroll were only three points behind Krauss in average, and Stanford hit the maples for a mark of about 110. Ed Howser, the team's substitute, took part in a fair share of the games and averaged 108, while Harry Ochler rolled for 109 in seven

During their long run of victories the Royals gave undoubtedly the ost remarkable continuous exhibi-Jon of duckpin rolling ever accred fied to a team in this city. The string covered nine full sets, the streak, and the first game of another

Conceded Three Records.

Bowling authorities concede Royals three distinct records as result of their winning streak, name ly, the greatest number of games won in succession, the greatest number of consecutive games rolled above

525, and the largest set. The Royals rolled thirty straight games of better than 525, starting with a game of 541, which preceded the one that opened the winning streak.

Carroll gave the most brilliant single performance. He got the best game and set, 144, and 386, and his big count came in the 1,776 set. Following are the figures on the

Horner Elected President of Mt. Rainier Duckpin League.

Prank Horner was chosen presi dent; Harry F. Hagan, vice president; A. B. Clarke, secretary; Wallace M Chage, treasurer, and J. E. Chase, of Litzau Rolls 108-5 in Departficial scorer, of the Mt. Rainier Duckpin League at a recent meeting. The teams of the league and their

captains are Mohawks, Edgar Bean; Royals, J. E. Chase; Shamrocks, Peter J. Hagan; and Mt. Brents, A. C. Smith A schedule of eighty-eight games has been arranged, and matches will staged Tuesday and Friday nights on the Mt. Rainier alleys.

SPOIL BIG TOTAL

Royals Open Duckpin Set With 498 and Follow It With 595 and 605.

Had the Royals been able to roll duckpins as well in their first game against the Westons in the District League last night as in their last two, a new District record for high set would have resulted.

Getting under way with 498, the team came back with 595 and 605, for a set of 1,698. With the team capable of rolling in this manner it adds strength to the possibility that an 1,800 mark for three games will be reached finally.

Lewis High Man,

Earl Lewis was high man in the matchand also gained general honors on the alleys for last night rolling. His set amounted to 358, including games of 90, 130, and 138. The Royals von two games.
It fell to the lot of Hogan, of the

Columbias, in the Brunswick League to roll the biggest single game. He bit the maples for 145 in his second trial, but spoiled his set with a poor

HE BEAT WILLARD

Cherokee Indian Says He Forced Jess to Yell for Help.

Another man has been uncovered who claims to have beaten Jess Willard at an earlier day in the heavy-weight champion's career.

The latest-claimant to this honor is L. E. Doxtator, a Cherokee Indian, who is at present a first-class fireman on the U. S. S. Chattanooga. tor, who is a graduate of Carlisle and who is something of a footbal player, was a cowpuncher with Wil lard in Kansas some years back.

The Indian, so the story runs, in duced Jess to box with him one day whereat he proceeded to paste the embryo champion with such vigor that Jess decided he had had enough

inside of a few minutes.

The list of those who claim to have licked Jess in the long ago grows

SCHOOLBOY LEAGUE OPENS UP TODAY

Double-Header on Tap at Y. M. C. A., With Four Schools in Action.

One of the largest gathenings in the history of high school athletics is exected to be present today when the inaugural battles of the newly formed High School Basketball League start at the Y. M. C. A. today.

In the opening clash Western and Business take the floor. The Stenographers are possessed of a veteran team. Western is a green five which lacks

Central and Eastern are playing in the second battle, and the Central quint is favored to win about as it pleases. The first game will start at 2:45 p. with C. Edward Beckett and James Y. Hughes handling the game

May Use Brothers.

Coach White is sure to send Buck Wise into the contest, and there is a possibility that Ralph Wise will get into the game. This comb!ination is apt to score many points for the Stenographers, as both boys are playing in their third year of basketball.

MacDonald is the Business fixture at center, while Glessner and Towbes will be in at the guards' positions. Western will start Wight and Groves at forwards. Chamberlain at center, and Johnstone and Herron at guards,

Business has yet to lose a game this season. Friends, Alexandria High School, and Gonzaga have been handily in the freshman class of Washington defeated. Western has won from Alex-in the freshmen class of Washington andria High, the Boys Y. M. C. A. and has lost to Friends, Gonzaga and

Central Is Strong.

Despite the loss of Capt, Howard Cissell, Central will present a strong Both looked like line-up. Clasell's loss will weaken the team fully 25 per cent. It is doubtful if Cissell will be able to play again this season on account of the fact that he has been ill with pneumonia for the past two weeks.

Eastern has affered the loss of sev-

eral players on account of scho erai players on account of scholarship conditions, and the team will be greatly weakened today. Daley and Gottlieb will probably play forwards for Central, with White at center, Potter and either Kaplan or Long will play guards. The Capitol Hill lads will put in Earnshaw and Thomas at forwards, Baldwin at center, and Newman and Commings at suards. The second rame. the first game.

intensified value Jaie The Impossible Has Been Surpassed

You men have known us always as giving astonishing values in tailored clothes. Now, we've gone beyond our wildest expectations.

A year ago we purchased an enormous quantity of all-wool A-1 fabrics. Bought them on a rising market that in the past year has sent prices sky-high

We could turn them into immediate cash at four to five times what we paid. But we believe that conditions present to us a most extraordinary and unusual opportunity to impress upon every man the fact that we do give the greatest value obtainable in made-to-your-measure clothes. This is our one greatest chance to prove to you our business policy so in-

disputably that you can never question it again. It is a better investment to let you have these fabrics at \$20, plus your

good will, than to cash in in any other way.

Genuine, all-wool fabrics of exclusive weaves covering the widest range of weights and patterns ever gotten together under one roof. Spring fabrics here as well as the heaviest Overcoatings. Ultra fashionable effects-conservative styles-every one \$20. Made to your own measure and requirements by the unapproachable Newcorn & Green tailoring methods.

Mr. Green says: Men! No other tailor in town can take you into his confidence as we do. These goods were bought a year ago, and you know what the war has done in the past year to the price of wool

I bought heavily-not to make the that I could offer you unduplicated fabrics this year at prices that cannot be touched by any other tailor in

Mr. Green talks about high cost of wool and dyes. Let me tell you, men, that kinings, trimmings and labor are on the same stimulated cost basis. We could clean up more profit #this year by jobbing the goods on our shelves and in our warerooms than by making them up for you into suits and overcoats at \$20.

We're not giving away jimeracks, big, present possible profit, but so premiums or offering inducements of any kind. We're just handing you men the biggest dollar's worth in made-to-your-measure clothes that you can get.

Our chief cutter says:

Gentlemen: Never before have I put my shears into more superb fabrics. How this firm can secure such high-grade Meltons, Vicunas, and Unfinished Worsteds as these under the present fabric stringency I cannot understand. Our head salesman says:

Mr. Green and Mr. Newcorn: Since I've been with you you have often startled me with your magnificent and daring business deals, but the extraordinary and stupendous offer made in this Intensified Value Sale is incomprehensible to any one who knows what such fabrics as these are bringing on the market
